

Bryan Juanacio

Software Engineer | 7+ years of experience

I'm a Software Engineer with great skills in UX/UI. I have 7+ years of experience building quality software with multiples companies. My main technologies include React, React Native, TypeScript, Next.js, and Node.js. I also work with modern backends like Convex, Firebase, and Supabase. I have developed AI-powered features including AI chatbots, audio generation, and video tools.
